# Our favorite patterns at EVERYDAY price points you'll love

3 S I X T Y 5

The 3sixty5 Collection is our solution to custom patterns at price points that work for every project. Featuring a carefully curated selection of our favorite patterns in standard sizes and classic porcelain colors, this collection offers a fresh approach to cost effective custom tile for when you want to make an impact, on a budget

Utilizing the larger scales of our favorite designs, the 3sixty5 Collection is made up of 80 cost effective Waterjet and Skord patterns that allow you to specify a custom tile without losing the ability to design your own unique patterns!

Not to fear, the custom process is the same as our original Waterjet & Skord Collections.

Start by choosing your selection of one or more of our 50 porcelain color, then we fabricate into the pattern and size of your choice. As always, utilize our Custom Design Tool to create your pattern, visualize in a room scene, order samples, and request pricing.

## Waterjet

Go big or go home! Using Large patterns for any size space are a fan fav and make for a happy budget! The 3sixty5 Waterjet Collection is made by fabricating our porcelain tiles into the pattern of your choice in the larger Grande or Titan sizes. With over 50 colors to choose from, any color combination is possible and fits the 3sixty5 price point when utilizing the Group 1 colors (meaning no metals or mirror).

## Skord

Who says grout can't be fun?! The 3sixty5 Skord Collection includes 60 patterns from 12x12 to 24x24 that fit everyday price points. We use the waterjet machine to "score" decorative lines in our tile that are filled with grout on site to bring the pattern to life. These simple and clean Skord patterns are an Audrey Lane team favorite and great for everyday budget-conscious projects.

# Color Palette

3 S I X T Y 5

Everyday price points don't have to mean everyday colors. The 3sixty5 Collection color palette includes 50 unique porcelain colors. Choose any combination for a custom Waterjet pattern, the price is the same no matter how many colors. Skord patterns are made using 1 porcelain color and your choice of grout color. Utilize the custom design tool to see your custom patterns and color combinations come to life.
