TILE COLLECTION

by *Audrey Lane*

MARC THEE REDEFINING LUXURY WITH TILE DESIGN AND AUDREY LANE

About the Collection

In today's fast-paced world, where personal expression is highly valued, Marc Thee's tile collection offers an exceptional opportunity to transform any space into a haven of creativity and beauty. Whether you are an architect, designer, or homeowner looking to add a distinct touch to your project, these stunning tile patterns are designed to inspire and ignite your imagination.

Marc Thee's collection features an array of mesmerizing designs, ranging from graceful organic motifs to striking geometric masterpieces. Each pattern has been meticulously crafted to seamlessly integrate into various architectural styles and interior aesthetics. With this extensive selection, we guarantee there is a perfect match for every taste and preference.

What sets Marc Thee's tile patterns apart is the freedom they provide for customization. With our intuitive custom design tool, you have the power to handpick patterns, adjust scales, and experiment with color placement. This unique feature empowers you to create a truly personalized and one-of-a-kind space that reflects your individuality and style. The possibilities are endless.

What is Waterjet?

Every design starts with large format porcelain tiles. Then we have lots of fun playing with color and finishes styles of over 60 options including wood looks, metal, natural stone, and solid colors. Once the desired products are selected, we then fabricate them into the pattern of your choice. For mosaic size patterns, the material is mesh-mounted and faced with clear tape. For custom projects, we offer a made-to-fit installation or can provide a diagram for ease of installation.

What is Skord?

Simple yet elegant, Skord is a dream for interior designers who love modern and clean lines. An excellent solution for both commercial and residential projects, the Skord Collection is versatile and stylish. The great thing is that our process is pain-free and enjoyable for you, as the creative. You choose a pattern and your preferred field tile color- and then, we make it to order! Note that the grout color of your choice is added during the installation process to really make the design pop!

About Marc Thee

As the co-founder and design principal of Marc-Michaels, Marc Thee is a leading authority on home fashion and interior design. A graduate of Rollins College, Marc began working in the design field in 1983. In 1985, he co-founded Marc-Michaels Interior Design, Inc. along with Michael Abbott.

Design is truly second nature to Marc, and his focus is primarily on high-end residential and commercial projects. He is solution-driven and believes the best tool in any situation is a smile. Marc travels extensively around the world to a variety of project sites where his expertise is in high demand. Marc has also donated his time and talents to many charitable events. Marc has made multiple television appearances as a talented speaker whose annual appearances at trade shows lead to sold-out audiences.
